**PM Cosmetics GmbH, Warehouse worker***Aug 1997 – May 1998*

Warehouse worker and order picker with partial responsibility of maintaining and creating an effective structure within the warehouse. The product range consisted of 70 000 cosmetic and dietary supplement products.

**Deluxe Media Services Scandinavia AB, Shift leader***Aug 1999 – May 2001*

Manufacturing of VHS tapes and packaging of the finished VHS movies. After half of the employment period, I became a shift leader for the copying hall where I edited the movies before copying them onto the VHS tapes. I cut in logos, advertising, and text. I was also responsible for the copying hall, its staff of 3-5 persons at a time and approximately 2,000 video copying machines.

**Roslagen Adventure AB, Conference Host***May 2001 – Mar 2005*

Conference host including the responsibility for the operation of the nearby camp site. The job also included working as an activity leader for the companies team training activities and as an overall caretaker of the facilities. I was also partially responsible for running the campsite.

**Work@ARN, Ramp worker***Mar 2005 – Oct 2005*

Ramp worker for ground handling companies such as SGH and FinnHandling. Occasionally I also worked with different projects for Swedavia, The Nuance Group, DHL and LSG Skychefs through Work@ARN.

**Nordic Aero AB, Ramp worker/Loadmaster***Oct 2005 – Oct 2009*

Ramp worker and supervisor in charge of single turnaround activities such as loading/offloading operations, load distribution, start-up and movement of the aircraft as well as making sure all the employees on each particular turnaround followed local regulations and standard operating procedures.

**Nordic Aero AB, Instructor***May 2008 – Dec 2013*

Instructor for ramp related trainings such as Basic Ramp, Airside Safety, Ergonomics, Ground to cockpit communication, Load Control and Aircraft Pushback. I also was a Dangerous Goods instructor for both in-house and external trainings for ramp-, load control- and passenger service staff (IATA-categories 7, 8, 9 and 10).

**Nordic Aero AB/Aviator, Training Coordinator***Jan 2010 – Dec 2013*

Administrator supervising all training activities at Nordic Aero/Aviator stations at airports in Luleå, Umeå, Visby, Göteborg, Malmö and Stockholm-Arlanda with a combined workforce of approximately 600 people. Ensuring that all staff training and competence requirements were complied with within the company. Identifying training needs, planning new and recurrent trainings and coordinate the company's instructors. Developing and updating training material and training plans.

**Aviator, Project Manager***Oct 2013 – Dec 2013*

Project Manager in charge of implementing a learning management system and adapting it to fit the companies needs. A substantial part of the work also included creating advanced interactive e-learning modules for Airside Safety- and Dangerous Goods Training (Category 7, 8, 9 & 10).

**Sweports AB, Quality Manager & Head of Training***Jan 2014 – Sep 2016*

In charge of the quality and training department at Sweports AB. Development of standard operating procedures and manuals, both for quality and training. Development and implementation of e-learning for in-house and external training and certification. Monitoring and improvement of the companies overall quality by gathering data, preparing reports on quality and ensuring systemic efficiency. Ensuring that all staff training and competence requirements are complied with within the company. Identifying training needs, planning new and recurrent trainings and coordinate the company's instructors. Developing and updating training material and training plans.

**NextJet AB, Deputy Director Ground Operations***Sep 2014 – Sep 2015*

Assisting with contracting new ground handling companies and supervision of agreements and the overall quality delivered by the sub-contracted parties. Responsibility for overall document control of the department. Designing and distribution of new ground handling related materials such as special load tags, Loading Instruction Report Forms, NOTOC Forms, etc. Updating the Ground Operations Manual and keeping all ground handling suppliers up-to-date within the area of ground operations. Assisting with applicable tasks in regards to SMS, IOSA-certification and other quality and safety related projects.

**Menzies Aviation Sweden AB, Compliance Specialist***Sep 2016 – Current*

In charge of planning, executing and monitoring ongoing implementation of business- and organizational procedures against contractual and regulatory requirements for the station in accordance with established goals, budget and applicable contracts. The tasks of the position are conducted with the provisions of local airport regulations as well as applicable laws governing air transport (Swedish Transport Association).
